ACKNOWLEDGEMENTS

Six Pack was programmed by Bill Tudor, with manual by Jerry Kindall, and originally published by Quality Computers, Inc. in 1992.

This new manual, produced in coordination with Quality Computers president Joe Gleason, is released with his permission and is copyright by A.P.P.L.E.. Our thanks to Joe Gleason for kindly providing the licensing to create this re-production and for his support during the process.

The Cover and Book were redesigned by Brian Wiser.

PRODUCTION

About Bill Tudor

Bill Tudor was a programmer who was quite prolific in the Apple II and IIGS arena, having published more than a dozen programs for the IIGS. In addition to writing *Six Pack* for Quality Computers, he wrote PFX, Get Set With ProDOS, and OmniType for *Nibble* magazine. Many of his utilities and plugins are still used today in the latest versions of GS/OS.
