ACKNOWLEDGEMENTS

First and foremost, we would like to thank the original contributors: Steve Wozniak, Allen Baum, Robert Clardy, Val Golding, Andy Hertzfeld, Bob Huelsdonk, Wendell Sander, Dick Sedgewick, Richard Suitor, Keith Walls, Randy Wigginton, and Don Williams.

The WOZPAK would also not exist without the efforts of Mike Scott and Steve Jobs. All uncredited documents are by Steve Wozniak.

We have gone to great lengths to enhance everything as much as possible, with over seven months of labor-intensive restoration, while staying true to the spirit of *The WOZPAK* and its historically important handwritten and photocopied pages.

Membership in A.P.P.L.E.

Apple Pugetsound Program Library Exchange (A.P.P.L.E.) was one of the first official Apple User Groups in the United States. Founded in February 1978 by Val J. Golding, A.P.P.L.E. grew to almost 50,000 members by 1985. Since many of our members have been Apple users since the first computers were produced, we have one of the most knowledgeable groups in the world that has contributed content to our magazines and website.

The base level membership is only \$27.95 per year and is always due on the month you pay. Higher levels of membership are considered donation levels – the service provided is the same, but you get the satisfaction of knowing that your membership is helping to bring more software and other resources online. To join, please visit www.callapple.org and click the “Subscribe” button on the right side of the page. If you’re already a member – *thank you* – please click the “Login” button and enjoy the extra menu contents.

A.P.P.L.E. supports users of all Apple computers and devices, both vintage systems like the Apple II and Macintosh and modern platforms like iOS. Through the “Users Helping Users” concept, our group provides a great resource for information, hardware, software, and documentation for Apple products.
